

PAROWAN

John T. Mitchell Injured.

John T. Mitchell met with a serious accident Wednesday morning about 10 o'clock, which came near being fatal. While taking some poles to his farm his team became frightened and ran away. Mr. Mitchell was thrown from the wagon headfirst and was rendered unconscious. A young man was nearby on horseback and summoned S. A. Matheson, who was working not far away, and after several minutes work Mr. Mitchell showed signs of life, but was unable to speak. Wilford Day saw the team come tearing into his farm, and jumped into his car and spared no time in getting to the scene of the accident. Mr. Day brought the injured man to Parowan. Dr. Burton was called and found the patient suffering from concussion of the brain and terribly bruised about the head, face and neck, and with some scalp wounds which, however, were not considered serious, though they were painful.

At this writing Mr. Mitchell is in less pain and Dr. Burton thinks he will recover, but will be some time before he will be able to move about. Fortunately no bones were broken, nor internal injuries inflicted.

Decoration Day was observed in a fitting manner, business houses closed and many of our citizens repaired to the cemetery where rocks were removed, shrubs were planted, graves nicely decorated and several new monuments erected all of which tend to improve the appearance of the city of the dead.

Little Dick Hutchings is nursing a broken arm, as a result of a fall from a window.

Reverend and Mrs. Rice and little ones are visiting in Parowan this week guests of Dr. and Mrs. Green.

Rube Hutchings of Swan Lake, Idaho, is here for a few days visit.

Grover Twitchell of Beaver is visiting in Parowan this week.

The stork visited the home of James Clay Saturday, leaving a baby girl, all are doing nicely. Dr. Green in attendance.

George A. Mitchell and family have moved to Moccasin Ranch for the summer. Edward Dalton and Clare Rowley went along to assist in breaking up the land. Mr. Mitchell expects to reclaim a large tract of land this summer.

The students are beginning to return from the various institutions of learning. Among those whom we have noticed are June Gurr, Kathleen Mitchell, Scott Matheson, Nelson Marsden, Eva Adams, Edward Bentley, Mitchell Rose, Evan Bayles, Carlyle Hoyle and Lucile and Carmen Evans.

Gates Burt is handling the business at the meat market during the illness of the proprietor, John Mickelson, who is suffering from an attack of appendicitis.

D. P. Barton, Alex Rollo, H. M. Hendrickson made a flying trip to Cedar Wednesday.

STATELINE.

State line, Utah, May 29, 1916. George Tyron is now and has been for the last week hauling posts down on his ranch.

The local cowboys have just left here on their annual spring round-up, gathering beef cattle.

Mr. Roberts and son Jess have finished hauling sulphur from the Ophir mill and they are glad of it, for the sulphur was very hard on the eyes.

During the week Mr. Vose went to Modena after his wife and small daughter; but Mr. Vose was somewhat disappointed on account of their being delayed. However, he was greeted by Mrs. Vose and daughter on the third day.

Miss Rhoda Bryant left Sunday for Cedar City to pay a brief visit to relatives and friends, and also to attend the teachers' convention, and to be present at the commencement exercises of the B. A. C. from which many of her old chums were graduating.

Frank Perry, Lear Armstrong and Dillard Lancaster, together with two O'Grain children went down to Modena Sunday and spent the afternoon about town. Mr. Lancaster went after Carl and Lillian O'Grain, who had just arrived from Eureka, after spending the winter in school in that place. The above mentioned parties accompanied them for a pleasure trip; but they must have obtained all the pleasure they wanted for it was 3 o'clock the next morning before they reached home.

Fritz Johnson, who has been employed at the Ophir mine for some time, was in town Monday attending to some important mail. Mr. Johnson states that he is now employed at the Utah Spur, about a mile north-west of the Ophir.

Last Monday two dry land seekers were up in front of Mr. Warner's residence to enquire about some land matters. Will Warren, Will Flinspach and Frank Riding were eating dinner at the time and the land seekers mistook them for workmen at the Federal mill. "Why aren't you at work this afternoon?" asked one of the land men. "Oh, we're on a strike," answered Warren; "striking for shorter hours and bigger pay." The land seekers were Easterners and their eyes fairly popped when they saw the boys getting into their chaps, and seeing their big six shooters the land seekers made for their buggy. "Come," said one of them, "this is no time for any 'bally spoofing'."

Upon the fair Escalante Valley dwells a new writer, whose prowess as a poet has just been discovered.

Dickens has it on him, that's no joke. When it comes to wielding the pen, stroke for stroke.

He's a bear with the pen, and from whence he came we know not. And if anyone says "indifferent," it's all Tommy rot. He's sure there with the goods, hip, hip, hooray! Now who is this young poet? The answer is, A. W. J.

George Scott has just returned from Modena, where he went to take Mrs. Baker. Mrs. Baker has filed on land next to Mr. Scott and has gone on a brief visit to Salt Lake City. She is well pleased with the situation and predicts great things.

Dillard Lancaster and Carl O'Grain have been out to the O'Grain ranch for a few days.

Decoration Day passed in a nice, quiet way here. All the children and most of the old people gave their respects to the day.

BUCKHORN.

Buckhorn, Utah, May 29, 1916. Mr. Holmes, the photographer, remained in town a few days recently and did some very good work for the people of this place.

William Lang and Mrs. Inez Limb are in Parowan today on business.

We were very pleased to have our home missionaries with us today, Elders Henry Joseph and George Jones, of Enoch. They gave some very interesting talks.

Mr. and Mrs. Auzz. Hutchings are in Beaver.

Mr. Wilford Gurr went to Beaver today.

Mr. and Mrs. Bert Skinner went to Beaver Bottoms today for a two weeks visit.

While Parley Rowley and Thomas Gurr were catching their horses on the flat they were chased by a coyote affected with rabies. They climbed on a near-by shed, it snapped at them for some time and then grew tired and went away. They came up and had Mr. Lang go down but he could not find it. It looks as if it would be dangerous for people to venture away from their homes for a while without suitable weapons.

NEW HARMONY.

New Harmony, Utah, May 20, 1916. James Russell is quite ill at this writing.

Primary conference was held here last Sunday. There was a good program rendered by the teachers and children, every one seeming to enjoy it. Mrs. Jennie Hunter and Miss Janet Rollo of the Stake Board were our visitors. The "busy hour" which was given by Mrs. Hunter was greatly appreciated by all present.

The heavy frost we had last Wednesday killed nearly all of the garden stuff, such as tomatoes, melons, beans, cucumbers, early potatoes, etc.

Bishop Pace went to St. George last Thursday, taking Emma Neilson to do temple work. They report things looking a little "frosty" down there.

Mr. Dan Barney and family have moved to St. Thomas, Nev.

To the Public. "I have been using Chamberlain's Tablets for indigestion for the past six months, and it affords me pleasure to say I have never used a remedy that did me so much good."—Mrs. C. E. Riley, Illinois. N. Y. Chamberlain's Tablets are obtainable everywhere.

KANARRAVILLE.

Kanarraville, Utah, May 31, 1916. Born to Mr. and Mrs. Jess Berry, May 30, a bouncing 12 pound boy, with Dr. Leonard in attendance.

Mrs. Joseph Pollock is critically ill with her old complaint—stomach trouble. Her age is against her recovery.

Precinct road supervisor, Ren Williams, will take a force of men to work on the mountain road tomorrow.

A meeting was called last Sunday

GOOD HORSES ALWAYS SELL HANOI

A pure-bred Percheron Stallion, will make this season at my barn in Cedar City.

John T. Caine III, says of this horse, The Cedar people will make no mistake in breeding to HANOI. We have some of his colts at the A. C. of U., and they are first class.

Hon. J. R. Allen of Draper says: HANOI is a French Percheron imported by Dunhams of Chicago. He is a sure foal getter. His colts are large, with good style and action.

JOSEPH S. FIFE & SONS.

afternoon to determine where to move the county road from here to the reservoir, subject to the acceptance of the county commissioners. It was decided that it should follow the section line from the present lane at the reservoir to the state road about one-half miles north of the John D. Williams residence.

The B. A. C. students are glad to be at home again for a season, but have only words of praise for the institution.

John Platt has moved his family to his farm this week.

Jack Frost recently paid us another unwelcome visit killing nearly all our garden stuff and shrubbery fruit.

The planting of crops is fast being completed. Quite a number have finished now.

Forethought.

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.

IRON COUNTY SCHOOL BOARD, By U. T. JONES, RD. A. THORLEY, Committee.

ESTRAY NOTICE. State of Utah, County of Iron, City of Cedar.

I have in my possession the following described stray animal which, if not claimed and taken away, will be sold at public auction to the highest cash bidder at the city pound, in Cedar City, on Saturday, the third day of June, 1916, at the hour of 2 p. m., to-wit:

One old black horse, branded XT on left thigh; left hind leg badly cut with wire fence.

Said estray was taken up by the City Marshal in said Cedar City on the 11th day of May, 1916.

W. D. LEIGH, Poundkeeper for Cedar City.

Bowel Complaints in India. In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

Telephone Calls.

Our May collections have been all that we expected. The new rule worked beautifully. The great majority responded before the 15th, paid at the office and received the rebate.

Look for your STATEMENT about the 15th of each month. Read it carefully.

Write a check for the amount stated, less the indicated rebate. Mail or bring it to the CENTRAL OFFICE, and be contented for another month.

Deafness Cannot Be Cured

by local applications, as this cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it swells and shuts out the sound of the voice, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by local Catarrh Cure. Send for circular now.
